AT FLOUR MILLS.

Flour mills will be assured wheat at the price to be paid by the government and the food administration will be assured that the mills will mill the grain they use. The millers today named a committee to cooperate with the food administration in a voluntary regulation of their industry.

Representatives of the wheat buying industry came to Washington today for a conference with the food administration on the government's plan to license the operation of all elevators. Detailed regulations drawn by the food administration and approved by President Wilson governing the licensing will be announced shortly.

HOUSER INTERESTED.
(BY A. F. NIGHT WIRE.)

PORTLAND (Or.) Aug. 15.—Max L. Houser, Portland millionaire, who was appointed Portland representative of the grain division of the United States food administration, announced today that upon receipt of his official appointment, he will devote his entire time to his new office and also turn over his immense grain business to a new company and give its entire profits to the American Red Cross.

His official appointment, he will devote his entire time to his new job and also will leave the grain business to a new company and give its entire profits to the American Red Cross.

Houser, who is here to be the largest individual grain operator in the United States and estimates of the money he has made in the last year at \$1,000,000, at one time last year, it said, he had 7,000,000 bushels of grain wheat on route at various points from the Pacific Northwest to Europe.

Not many years ago, Houser's friends say, he was a small grain operator in the West. He was elected to Congress in 1936.

During the Liberty loan bond selling campaign, Houser invested \$250,000 in these securities and later turned \$1,000,000 to the Red Cross.

—Eugene C. Fisher

How much money he has made in grain and would not estimate how much the Red Cross will profit by his gift. Friends have estimated the made between \$1,000,000 and \$2,000,000 last year, but assert that this year's earnings will be smaller. The company he plans to incorporate will be the Pacific Grain Company.

Three Hundred U-boats Afloat, Says Report.

(BY ALAN GARDNER AND A. J. COPENHAGEN, AUG. 13.)—The German commercial submarine Deutschland, which visited the United States, has been converted into a war submarine, according to German fleet gossip reaching the Associated Press.

The vessel, which was built at Kiel, is said to have been fitted with six torpedoes and a gun. It is also said to have been fitted with a diving apparatus, and to be capable of operating at depths of 100 feet.

The U-boat was to have started activities some time ago, but an explosion on board while the vessel was on a trial trip delayed it.

The German fleet, according to the Associated Press, has been at Wilhelmshaven and with the German fleet, has been twenty to thirty miles off the coast of the United States, according to the Associated Press.

Canadians in Lens.

(Continued from First Page.)

Los, and the City St. Laurent, the northern suburb of Lens. News has been in from the troops who followed up the attack, that the Canadians reached a point east of Hill 70, almost a mile from their jumping-off point.

Hill 70 is regarded by artillery experts as the key to Lens, and the army will not consider the city unless under unassailable conditions.

No particulars as to loss or number of prisoners are available.

(BY ALAN GARDNER AND A. J. COPENHAGEN, AUG. 13.)—The official report today from the British front says the artillery fighting was especially the morning hours of today, between Hill 70 and Lens.

The British attacks around Ypres, in Flanders, and of French attacks near Carvin, on the French front, is reported. The statement reads:

"Front of Crown Prince Rupprecht: The increased effect of our artillery and the success of our attack, a relaxation of the enemy's defensive fire for a part of yesterday. Great quantities of munitions were captured by the British. Only towards evening was the enemy able to resume the artillery fighting seriously, especially the morning hours of today, between Hill 70 and Lens.

BEACH TENNIS BEGINS TODAY

**Venice Patriotic Event is
Magnet for Many.**

**First Round of Three-day
Tourney at Nina.**

**Winners and Runners-up to
Receive Cups.**

Drawings and schedule of play were announced last night for the first round in men's and women's singles of the three-day patriotic Red Cross tennis tournament which begins at 9 o'clock this morning on the courts of the Vande Country Club. Tennis fans have been looking for such an event with which to revive the interest that several years ago centered around the west coast tennis scene.

Cups offered by Abbot Kinney and Jim Morley are up. There will be trophies for winners in men's singles, women's singles, men's doubles and runners-up in men's singles and doubles. The drawings follow:

Men's singles—John W. Anderson, Wilson W. Brown, J. H. B. Smith, Richard Kuhn vs. J. L. Lamm, Appleby vs. Brown, S. Kuhn vs.

A vertical strip of film with six frames. Each frame shows a person's legs and feet in various poses, likely from a dance or performance. The frames are arranged vertically, and the film has a dark, grainy texture. The poses show the person's legs in different positions, suggesting movement and dance. The film strip is oriented vertically, and the frames are separated by dark borders. The overall appearance is that of a vintage film strip.
